GENERAL INFORMATION

Many rides at Carowinds are dynamic and thrilling. There are inherent risks in riding any amusement ride. For your protection each ride is rated for its special features, such as high speed, steep drops, sharp turns or other dynamic forces. If you choose to ride, you accept all of these risks. Restrictions for Guests of larger size (height or weight) are posted at certain rides. Guests with disabilities should refer to our Ride Admission Policy available at North Gate Guest Services. Participate responsibly. You should be in good health to ride safely. You know your physical limitations, Carowinds does not. If you suspect your health could be at risk for any reason, or you could aggravate a pre-existing condition of any kind, DO NOT RIDE!

Guests with a history of back trouble, heart trouble, high blood pressure, neck trouble, recent surgery or any other condition that may be aggravated by riding, or who are pregnant should heed all warning signs at each ride entrance. If you are in doubt about your ability to safely experience a ride or would like more information, please request our Guest Assistance Guide at North Gate Guest Services.

While riding, Riders must remain seated, facing forward, in an upright position with their back and shoulders against the seat back and holding on until the ride comes to a complete stop. All passenger restraint systems, including lap bars, shoulder harnesses and seatbelts, must be positioned, fastened properly and tightened securely to allow guests to ride. Test seats are available at the ride entrance of Copperhead Strike®, Fury 325®, Intimidator®, Nighthawk, Plants vs. Zombies™ Garden Warfare 3Z.

THANK YOU TO OUR SPONSORS

Most rides cannot accommodate loose articles including cell phones, hats, cameras, purses, backpacks, basketballs, umbrellas, beverage containers, electronic devices, etc. Items must be safely secured in cargo pockets, a waist pack, in a bin on the ride platform, left in a locker, or with a non-rider. Carowinds is not responsible for lost, stolen, or damaged items. Extra or bulky clothing, backpacks, and anything else that could potentially be between the rider and the restraint will not be allowed. The restraint mechanism must be secured snug against the rider’s body. On Copperhead Strike® and Fury 325®, loose items that are not able to be stored in waist packs or cargo pockets are not permitted in line and must be stored in a locker or with a non-rider. For safety reasons, cell phone usage, taking pictures and filming on rides is prohibited. Glasses must be secured on all rides. On Afterburn, Carolina Cyclone, Carolina Goldrusher, Copperhead Strike®, Drop Tower, Flying Cobras, Fury 325®, Hurler, Intimidator®, Kiddyhawk, Nighthawk, Ricochet, and Vortex glasses must be secured by an athletic strap or they cannot be worn on the ride. Please take necessary precautions to protect hearing devices on all rides.

Height Requirements and specific rider instructions are posted at the entrance to each attraction. Children may be “officially” measured at the Height Check station near North Gate Guest Services. The measured guest will be given a wristband to indicate their height range. Wristbands are not required to ride. They are intended to make your wait in line shorter by streamlining the rider height measurement process. For the safety of your child, a standard play shoe which does not contribute excessively to the child’s height is required. For example, a child is not permitted to wear platform shoes to help meet a height requirement. Carowinds reserves the right to ask that shoes be removed to ensure that a child’s height is not being artificially enhanced or manipulated.

Hand held infants are not permitted on most rides.

North Carolina and South Carolina state law requires Riders to obey all warnings and directions and behave in a manner that will not cause or contribute to injuring themselves or others. Riders shall report all injuries before leaving.
